It was noted that a stile had broken on the path near Nantcaw - just before reaching the house.

New poles/crash barrier were needed on the road near Talyllyn and a photo was noted by Cllr Eleri Puw.

Following the recent closure of the Highway near Corris, it was noted that some of the signs were misleading/not clear enough.

b) Talyllyn Railway/Heritage Site - it was noted that the ideas should be forwarded by the Community Council, namely having the slate wagon, QR code in the quarry, new signposts in the village, information points (some that rotate) they need to be updated, weaving quarries and brass band work, reconstructing a museum, making a film etc

It was noted that few questionnaires had been returned. It was asked if it would be possible to extend the closing date a little, bearing in mind that the Railway was closed over the month of January. It was also noted that the 'art' questionnaire was possibly misleading.

c) A tree damaging a wall - there was no update, but it was noted that this would be planned soon.

It was noted that there was no agreement to pay for the Wi Fi connection, and that half the cost of the Hall is paid by the Council according to agreement, as the committee room is not available on the Council night.
